# A BRAVE LITTLE 'BEE'

When summoned into action, Bumblebee – affectionately known as 'Bee' – is a loyal, courageous, fierce and agile Autobot, known for his impressive combat skills and unwavering dedication to protecting humanity. Since the popular Transformers toy robots were first introduced in 1984, the humbly sized yellow-and-black character has captured the hearts of audiences of all ages in countless adventures, from comics and video games to animations and a successful film franchise. Despite his size, Bumblebee embodies an unwavering spirit of heroism and ultimate selflessness. It was only natural that he would follow LEGO® Optimus Prime in our LEGO Transformers series.

# A HUMAN'S BEST FRIEND

Bumblebee has a strong connection to Earth and humanity. In fact, some of his best friends are humans. He fiercely protects the humans he loves and his fellow Autobots. In spite of his small stature, this little bot is among the bravest of the Autobots, with a sting that can bring down even the most formidable enemy.

---

Optimus Prime could not have asked for a more dedicated friend and ally in the fight against the Decepticons. Smart, brave and often faster than you might think, he is prepared to do whatever it takes to protect humanity.

## FROM THE LEGO® DESIGN TEAM

"Bumblebee is such a lovable character, and we wanted to create a model that not only looks and transforms like him, but also includes tributes to his long history. In addition to his blue blaster and bee wing jetpack, look for cheeky little details throughout the model, such as the small bee element hidden somewhere, and printed decorations and stickers that carry special meaning. The plaque matches the one included in the LEGO® Optimus Prime 10302 set, so if you have both sets, they make a fine display together!"

**Samuel Liltorp Johnson,**  
LEGO® Icons Design Manager

The bumper stickers are there to show the street-smart attitude of Bumblebee. He has 'I <3 Cybertron' (his home planet) and 'Roll Out' (the signature catchphrase of Optimus Prime). The 'O' in 'Roll' has a detail reminiscent of the original Bumblebee toy.
